Park Branch Library, 1833 Page Street near Cole

As part of the bond measure overwhelmingly passed by the voters in November 2000 and the recent passage of Proposition D, the San Francisco Public Library is starting the planning process for the renovation of the Park Branch Library.

The Park Branch was seismically upgraded and made accessible in the early 1990s. The upcoming renovation will concentrate on complying with current code requirements and remodeling the interior while preserving the historic character of the building.

Meet the architects and
share ideas for improving our neighborhood branch library.
