

MASON STREET BETWEEN LOMBARD AND COLUMBUS WILL BE TEMPORARILY CLOSED August 1 – September 27

This block of Mason Street will be temporarily closed as part of an ongoing Environmental Impact Report (EIR) to evaluate the Joe DiMaggio Playground and North Beach Branch Library Master Plan. See future plan below.

This plan includes a new larger library and an expanded, redesigned park for the North Beach community. We appreciate your patience as we study the effects of closing one block of Mason Street.
