# Mission Community Feedback

- Open to building additions and designs
- Excited about increased flexibility of use and space
- Concerned about access to multilingual services during the branch's closure
- Want more bathrooms
- Interested in incorporating resilience into branch
- Eager to restore meeting room and provide a space for library programs for all ages

# Ocean View Community Feedback

- One thing they love: the staff!
- Want a larger library facility with a more books, more seats, and more space to gather
- Want access to modern technology and instruction in how to use it
- Support innovative, modern designs
- Want to use the community program room after-hours
- Unconvinced that renovation will yield a library that will meet community needs

# Ocean View Next Steps

Ongoing

**Explore possibility of building a new library on another site** with Public Works, Real Estate, and District 11 Supervisor

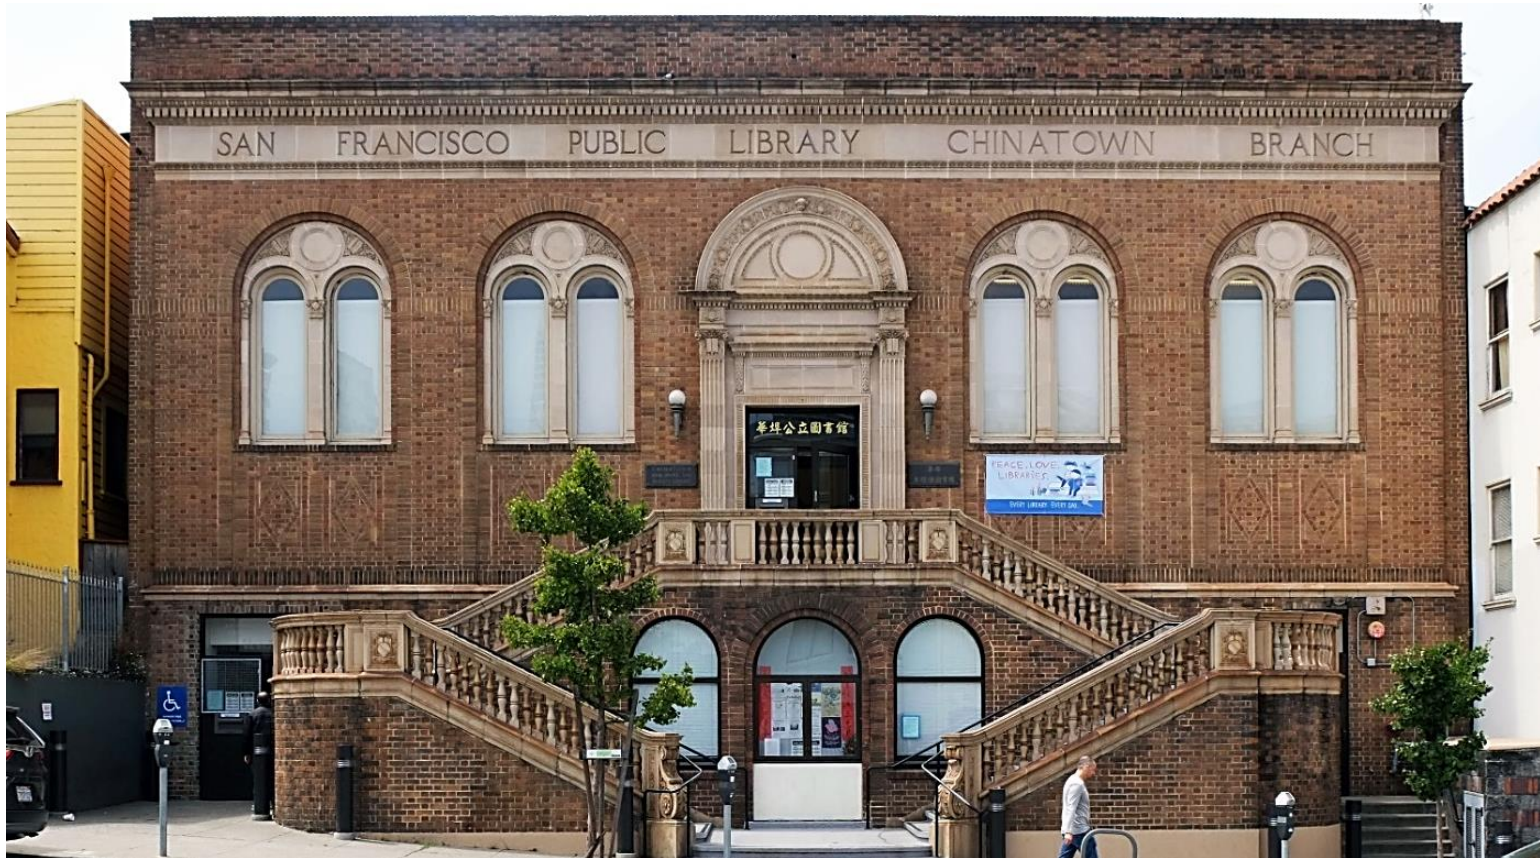

Ongoing

**Study possible solutions to maximize public space** within footprint of existing branch including:

- *Explore feasibility of a third floor*
- *Refine two floor remodel test fits*
